The goal of the Youth Confirmation Program is to prepare a young person to become a full member of Soapstone United Methodist Church. The program lasts nine months and is designed for up to fifty youth. Students are assigned to a mentor and into smaller groups. Parents who are mentors will not be in their child's group. Mentors are adult full members of Soapstone United Methodist Church. Youth Full Members of Soapstone will assist in some of the activities of the program, but will not serve as mentors or supervisors of the program participants. There will be a cost associated with the program. The cost will be determined based upon how many participants there are in the program. Specific parental permission slips will be required for activities away from the Church.

The various Youth Programs use E-Mail as the most frequent method of mass communication. Our experience suggests that Young Folks do not read their email regularly so we try to copy parents or use a family mail box. If you have listed a business E-mail box and also have a personal box, you may wish to change the information you have provided.

If you have a special family situation involving parents living apart, custody concerns, step parents with guardianship roles please let us know so that we may communicate appropriately with you and notify you as appropriate in the event of an emergency. If there are Domestic Protective Orders in place, we would appreciate copies of any of those orders. We ask for this information only for the protection of the children.

At the beginning of each school year, we ask all families with children in our Youth Programs to register and sign an annual permission slip. We will compare this information with what you provide us during the annual registration. During that process, we will also update health and health insurance information. The annual registration form can be downloaded from www.soapstoneumc.org.
